

## SUDS One Day Short Courses

The Urban Water Technology Centre is pleased to present two One Day SUDS training events to be held at University of Abertay Dundee

- **5<sup>th</sup> July 2011 – “Introduction to SUDS”**

*This course is targeted at those with an interest but very little knowledge about SUDS.*

The course covers the basic principles of SUDS - the SUDS triangle; quantity, quality and amenity. The different components available including basins, ponds, swales, permeable paving etc. Ways of addressing water quality and flooding issues. Drivers for design. Principles of hydrological and site design, Catchment planning, source, site and regional controls and the treatment train.

- **6<sup>th</sup> July 2011 – “SUDS Design, Operation & Latest Issues”**

*This course is intended as an update for those who need a SUDS refresher course.*

Detailing, treatment train design and impact on operation and maintenance. Construction best practice and the handover process. Inspection for construction and handover. After care; operation and inspection of assets post handover. Case Studies. Typical latest issues are; Current guidance, retrofitting, legacy SUDS.

**Course Fee: £125 + VAT per day**
