UNIVERSITY  
*of*  
ABERTAY DUNDEE

**School of Social & Health Sciences**

**Cervical Cytology Update Day for  
Healthcare Professionals**

This study day will be of interest as an update day for nurses and GPs currently working in a screening environment.

Early registration is recommended as places are limited to 20 students per course.

**Book Now!**

**Tel:** 01382 308765

**Fax:** 01382 308749

**Post:** Ms Marian Wallace  
CPD Administrator  
University of Abertay Dundee  
Bell Street  
Dundee  
DD1 1HG

**Venue:** Marie Curie Hospice,  
Glasgow

**Dates:** 1st December 2010

**Cost:** £90

Topics covered include:

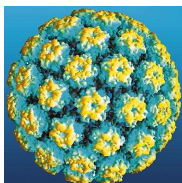

- Overview of the NHS Screening Programme
- The role of the laboratory
- Practical issues for smear takers
- The management of abnormal smears and colposcopy
- Sexual health
- Future developments in Cervical Screening

This one day course provides the opportunity for participants to:

- Explore developments in the National Cervical Screening Programme (NCSP)
- Review the processes involved in taking, examining and reporting normal and abnormal cervical smears
- Discuss the management of women following an abnormal result

**Please note:**

The course is open to all qualified nurses. Places are limited to 20 students per course. As places are limited, please inform us if you need to cancel your attendance on the course.

If this course is full, we will ensure that your name is kept on the waiting list and we will keep you informed if there is a cancellation and a place becomes available or when the next available course is running.
