

On the Right Track: Engineering and Education for All

Pre-construction: Masterplanning

2002 (14 years ago):The Waterfront before any new building works

- Major plans to improve the space for the people of Dundee.
- Engineers had to develop ideas and plans to redesign the waterfront.

2014 (2 years ago): Major works for removal of the old buildings

- New temporary road design.
- Discovery Quay filled in.
- Designed around hidden engineering.

Coming Soon: An area people can be proud of!

- State of the art V&A Museum of Design.
- Green space to enjoy with themed gardens & festival market area.
- New train station & hotel with space for shops.
