

SCHOLARSHIP DETAILS

Name of Scholarship	Macphie Scholarship
Decision Making Panel	A representative from : Macphie A representative from : Food and Drink Division A representative from: Student Services (TBC)

SCHOLARSHIP BACKGROUND AND INFORMATION

The Macphie Scholarship will be awarded to one 3rd year student on the BSc (Hons) Food and Consumer Science degree.

The £3,000 scholarship is aimed at a well-rounded individual who is considered academically bright, driven, ambitious, a team player, and interested to work in the food and drink manufacturing industry. Students with financial constraints would benefit from the scholarship.

This scholarship will support the student for the final two years of their degree as well as including a paid summer placement in the technical department at the Macphie Head Office based in Glenbervie, Stonehaven. The summer placement will take place in 2020 before the student enters 4th year. Due to the location of the office students would need suitable transport or consider an alternative ways to get there. However, we hope this won't deter students to apply as we may look at an alternative site to do the placement i.e. in Glasgow.

The 12-week placement will likely to begin at the end of May or early June 2020. Hours of work will be Monday to Friday 8am-4.30pm. Dates and time of the placement will be discussed at the interview. Students must take part in the summer placement to continue to receive scholarship funding in the final year of their degree.
