

## Why choose Abertay? Hear it from our Forensic Sciences Alumni...

“My degree and the lecturers who taught me prepared me by showing that there is a lot more to Forensic Science than you see on CSI and NCIS. It taught me fundamental skills which I have been able to build on over the years in order to secure myself the job I have now. Abertay is a fantastic university with some of the best lecturers.”

Laura Green

Assistant Forensic Practitioner (Scene of Crime Officer)  
BSc (Hons) Forensic Sciences (2012)

“The analytical modules on this course have come to be very useful. All of my lecturers and professors over the four years were fantastic, not only explaining the content well, but for making it so interesting and applicable. I am so glad I chose to study at Abertay.”

Rene Friedrichs

Acting Lab Manager & Senior Scientist  
Reading Scientific Services Ltd  
BSc (Hons) Forensic Sciences (2007)

“Abertay was my first choice because it offered a multidisciplinary course accredited by multiple professional bodies with plenty of hands-on practical and an opportunity to conduct the honours project as an industrial placement externally. I was looking for a programme that would allow me to have multiple career options available at the end. Abertay offered me that and so much more.”

Jay Schlesinger

Director  
T-Regs Consulting  
BSc (Hons) Forensic Sciences (2014)
