“My time at Abertay has been instrumental in getting me to where I am today. My nursing degree and clinical experience from Abertay set the foundation to further my nursing degree and also employment when I relocated to USA. I was also able to obtain my medical and surgical certificates. The nursing program at Abertay was outstanding and also my clinical rotation at Ninewells Hospital provided a great evidence based clinical experience. I relocated from London to attend nursing school in Scotland.”

“The lecturers were very supportive and the placements were great. I was in a good mix of wards (forensics, old age, acute and rehabilitation), so I really managed to build up my skillset before I even got started.”
