

Why choose Abertay? Hear it from our Sport Alumni...

“Abertay was absolutely crucial in getting me to where I am now. My course first exposed me to this industry and set a strong foundation of skills that were career-applicable when I received my first opportunity.”

Paul Brand

Head of First Team Analysis

Manchester United

BSc (Hons) Sport Coaching and Development (2009)

“My degree consolidated the practical training I have, which has helped me to be a better trainer for my clients. I thoroughly enjoyed completing The Principals Award as well as taking part in the Abertay Mentoring Programme. Even as a business owner and a mature student, I learned so much about myself, my strengths and weaknesses, and had time for reflection.”

Louise Johnstone

Louise's PT 4 U

BSc (Hons) Physical Activity and Health (2014)

“Abertay is where I learned the theory side of things. I learned a lot in terms of strength and conditioning and sport science as a whole. My key goal at the start of my studies was to coach athletes to the Olympics, and that's what I'm now doing.”

Dan Jefferson
